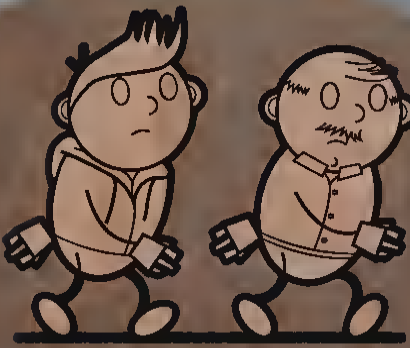
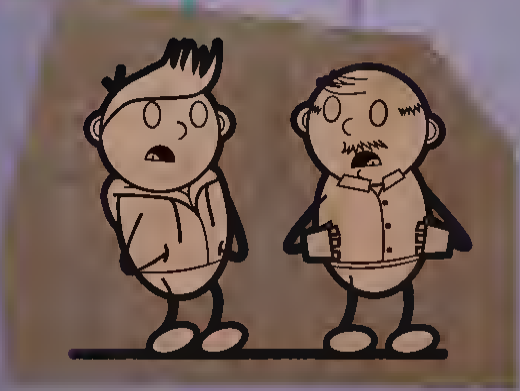
Pigminted

This is a story of my Uncle and me in India.



We need to find a stick.

Ooookkaayyy....



What do we need a stick for?
The dogs.
Oh, okay.

This stick is too small.
Wait, you don't have any dogs.

It's for the pack of wild dogs that might attack us on our way home.

HAHAHAHA!

But really, we need a bigger stick.
Those dogs are dangerous.
